

Blackspear Marchin'

Here comes mighty Blackspear
Anyone can tell
Here comes trouble marchin'
Marchin outta hell!

Chorus:

*Armored up and ready
Beggin for a Brawl
Lest you want a Beatin'
Make way one and all
Hear our cadence proudly calling
Banners 'gainst the sun
"Never fear for Blackspear's here-
To make the foemen run!"*

Wish you were a prospect
Don't deny its true
Forged within the fire
Bleedin' Black and Blue!
(Chorus)

Bess and all our ladies
Keener than the blade
Wit and needle handy
Even we're afraid!
(Chorus)

Ignorance is blissful
Spec'ly for the foe
Sheky at our lead now
Welcome unto woe!
(Chorus)
